SUPERIOR SOLUTIONS FOR  
HEAVY DUTY VEHICLE LIFTING

Steril-Koni provides customised and technically advanced solutions for heavy duty lifting requirements for customers throughout the world, including the best possible service from skilled local partners. These superior solutions are conceived, developed and implemented by a team of professional specialists with unique expertise. In-house production and a global organisation with local country representatives make us the world's number one in heavy-duty vehicle lifting.

# MAXIMUM FLEXIBILITY

## **A COMPLETE RANGE FOR HEAVY DUTY LIFTING SOLUTIONS**

We will first assess your workshop requirements and then recommend a vehicle lift that meets them. All of our lifts come with a comprehensive range of adapters and accessories.

## **WORLD CLASS MOBILE COLUMN LIFTS**

Stertil-Koni has a safe and efficient lifting solution for safe, ergonomic and efficient maintenance and repair. Complete expert flexible solutions for a wide range of vehicles; from trucks and articulated buses to military vehicles, earth-moving and agricultural vehicles and vans.

Mobile column vehicle lifts offer maximum flexibility for any workshop. Wireless and with modern easy to operate touch screen control.

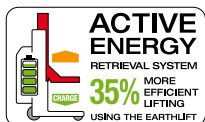

# EARTHLIFT

Capacity 8,500 / 10,000 kg per column

## Active Energy Retrieval Up to 35% more lifting efficiency

- Innovative Active Energy Retrieval System.
- Maximum workshop efficiency: 50 lifting cycles without recharging.
- Regenerative battery charging.
- 98% recyclable components and bio-oil for hydraulics.
- Intuitive full-colour 7" touch screen ebright control and multiple programmable features.
- Large set configurations possible for large, workshops up to 32 columns.
- Extremely accurate vehicle positioning.

# MOBILE COLUMN LIFTS

Capacity 7,500 up to 17,500 kg per column

**steril KONI**  
MOBILE LIFT

## Flexible power for the heaviest of vehicles

- Cabled and wireless models.
- Multi-master system with control panel on each column.
- Large set configurations possible for large, workshops up to 32 columns.
- Intuitive full-colour 7" touch screen ebright control and multiple programmable features.
- 20 full cycles under full load without recharging.
- Easy re-charging from any 220 volt outlet.

# 4-POST LIFTS

Capacity 5,500 up to 12,000 kg

**steril KONI**  
4-POSTLIFT

## Low Drive-On Height Compact and Mid Range Platform Lifts

- Maximum accessibility and height clearance.
- Space saving design.
- Platform lengths available from 4.5 up to 10 metres.
- Available in tandem configurations.
- Versatile for all workshop situations.

# HEAVY DUTY 4-POST LIFTS

Capacity 17,500 up to 55,000 kg

**steril KONI**  
4-POSTLIFT

## Low Drive-On Height Ultra Platform Lifts

- Maximum accessibility and height clearance.
- Suitable for a wide fleet of vehicles: articulated buses, trucks with semi-trailers and articulated units.
- Platform lengths available from 6 up to 24 metres.
- Available in tandem configurations.
- Versatile heavy duty maintenance and repair.

# IN-GROUND DIAMONDLIFT

Capacity 30,000 up to 64,000 kg

**steril KONI**  
DIAMONDLIFT

CONTINUOUS  
RECESS **CR**

## Versatile & Accessible

- Continuous Recess® version suitable for low clearance vehicles: flush with the floor.
- Fully hydraulic system with telescopic cylinders.
- Available with 2, 3 or 4-cylinder configuration.
- Convenient access and maintenance with above-ground control components and power units.
- Galvanised Ultra High Endurance Diamondguard® Cassette or frame model versions available.

# IN-GROUND ECOLIFT

Capacity 27,000 up to 54,000 kg

**steril KONI**  
ECO LIFT

CONTINUOUS  
RECESS **CR**

## Great performance, minimum installation depth

- Reduced installation costs: ultra shallow (50% less depth) pit construction.
- Fully Hydraulic system with robust cylinders.
- Continuous Recess® for easy accessibility and convenient for low clearance vehicles.
- Available with 2, 3 or 4 scissor configuration.
- Movable cassette possible for reinstallation.

# WIDE RANGE OF ACCESSORIES

Multi-Purpose Adapters  
capacity up to 10 t

Wheel Dollies  
Capacity 0.5/1.5 t

Foldable Axle Stands  
Capacity 8.5 up to 12 t

HD Jacking Beams  
and Pit Jacks  
Capacity 7 up to 20 t

Transmission Jacks  
Capacity 0.3 up to 1.2 t
